## HEALTH AND SAFETY INFORMATION

**Important Health Information:** Royal Caribbean International, working in conjunction with the United States Centers for Disease Control and Prevention, has instituted enhanced cleaning procedures onboard all its ships. You'll see some of these activities during your cruise vacation. Medical experts tell us that the best way to prevent colds, flu, and gastrointestinal illnesses is to simply wash your hands thoroughly with soap and hot water after restroom breaks and again before eating anything. Your cooperation and assistance with this matter is appreciated.

**Food Advisory:** Consuming raw or undercooked meats, seafood, shellfish, eggs, milk, or poultry may increase your risk of food borne illness, especially if you have certain medical conditions.

**Body Camera:** For the safety and well-being of all onboard, some members of our Security Team will be wearing Body Cameras as part of their uniform.

## FLOATING FESTIVALS FILMING CREW

Please note we are filming many elements of the Throwback cruise and our film crew will be operating across the ship capturing content for our website and social media channels. If you have any concerns about this please visit the Floating Festivals team at the Hospitality Desk on Deck 4

## HEALTH AND SAFETY INFORMATION

**Important Health Information:** Royal Caribbean International, working in conjunction with the United States Centers for Disease Control and Prevention, has instituted enhanced cleaning procedures onboard all its ships. You'll see some of these activities during your cruise vacation. Medical experts tell us that the best way to prevent colds, flu, and gastrointestinal illnesses is to simply wash your hands thoroughly with soap and hot water after restroom breaks and again before eating anything. Your cooperation and assistance with this matter is appreciated.

**Food Advisory:** Consuming raw or undercooked meats, seafood, shellfish, eggs, milk, or poultry may increase your risk of food borne illness, especially if you have certain medical conditions.

**Body Camera:** For the safety and well-being of all onboard, some members of our Security Team will be wearing Body Cameras as part of their uniform.

## WIN A CRUISE FOR TWO!

Don't forget to insert your SeaPass card while you play on the slot machines or table games. All you need is 2,400 points to be rewarded with a free cruise for two. Conditions do apply so see your Casino Host for more details Casino Royale, Deck 4.

### HEALTH AND SAFETY INFORMATION

**Important Health Information:** Royal Caribbean International, working in conjunction with the United States Centers for Disease Control and Prevention, has instituted enhanced cleaning procedures onboard all its ships. You'll see some of these activities during your cruise vacation. Medical experts tell us that the best way to prevent colds, flu, and gastrointestinal illnesses is to simply wash your hands thoroughly with soap and hot water after restroom breaks and again before eating anything. Your cooperation and assistance with this matter is appreciated.

**Food Advisory:** Consuming raw or undercooked meats, seafood, shellfish, eggs, milk, or poultry may increase your risk of food borne illness, especially if you have certain medical conditions.

**Body Camera:** For the safety and well-being of all onboard, some members of our Security Team will be wearing Body Cameras as part of their uniform.
